Distribution of Haciendas

Optimized Hotspot Analysis of All Haciendas

Center & Number of Haciendas by Given Year

Summary

The largest map shows all the haciendas in the valley. The optimized hotspot analysis demonstrates a hotspot in the northeastern section. The bottom map shows the mean centers of the haciendas constructed by the year labeled. Beginning with the year 1530, the temporal segments consist of 1530-1540; 1540-1551; 1551-1578; 1578-1598; and 1598-1610.

Coordinate System: UTM Zone 14N
